Lecture Synopsis

Recent hostage crises and linked atrocities have highlighted the hazardous world that we operate and live in, triggering concerns to individuals and organisations alike over whether they and their staff are adequately prepared and protected against such an occurrence.

We are very pleased to invite you to our upcoming Kidnap, Ransom & Extortion (KRE) event. KRE cover is incredibly broad, comprehensive and reasonable. It is not solely focused on the Kidnapping threat, it also covers Hostage Crisis, Illegal Detention, Disappearance and a host of other perils.

The lectures will discuss how you can economically and efficiently protect your people.

What you will learn by attending this lecture?

Aon (Daniel Bould) will discuss the threats posed and the innovative insurance mitigation solutions available.

XL Catlin (Alex Smith) and Jack Chu from Terra Firma will share with us cases on extortion, illegal detention, and disappearance that have occurred recently within the region.
